Michelle,

You should have received an email from me on 1/27 transmitting the Final Remedial Investigation/Feasibility Study Quality Assurance Project Plan, Revision No. 2 to U.S. EPA. That email contained hyperlinks to the Leviathan Mine SharePoint site that you can use to test your login credentials.

Thanks,
Marc

Thank you Lynda and Marc.

I received an email from ist.sharepoint@amecfw.com providing a user name and password on 1/23. The email indicates that I will receive a "welcome email" from the website, which will contain the web address/link to the website. I have not received that email yet, so I cannot test my login credentials. Please let me know when and who I should be expecting that email from, and I will keep you all updated on my login capabilities. Thank you!

Michelle Hochrein

Plan

Fred,
I saw the emails that Marc updated your passwords.
Could you and Michelle confirm that you now have full access to the sharepoint site and
documents?

Lynda
